

LocationListener

```
classDiagram
    class LocationListener
    class GPStracker["com.example.memorism.GPStracker"]
    GPStracker --|> LocationListener
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box with a thin grey border containing the text "LocationListener". Below it is a grey rectangular box with a thin black border containing the text "com.example.memorism.GPStracker". A solid blue arrow points vertically from the top center of the grey box to the bottom center of the white box, indicating that GPStracker inherits from LocationListener.

com.example.memorism.GPStracker
